

On the 11th September, 2017, we put a call through to you to find out the reason(s) for your deliberate refusal to serve your counter affidavits on us through our contact ADAMS ADABARA and you retorted thus: "Well, we were not comfortable with that your contact person because of the role he has played in this suit and that moreover, we are only inclined to serve your firm through the bailiff of court and no more."

It is noteworthy to state here that the said contact person through whom you refused to serve us your counter affidavit is the same person through whom we served you all our pending applications slated for argument on 14th September, 2017 and our other correspondences in this suit. Surprisingly, you dispatched your above referenced letter to our Lagos address ostensibly for us to receive same few hours before 14th September, 2017 without the courtesy of attaching the counter affidavits you referred to in the said letter or even reference our interactions with your firm in that regard.

In the light of the foregoing, it is obvious that your said letter is an afterthought and a face saving measure designed to justify a clearly unbecoming and unethical conduct. We say no more.

Thanks

Yours faithfully,
