Are you there?

Any questions?

Yes Sir

Did they assure you he ll be able to use it?

Yes

Cos the photographer told me only 2 camera men so far have been allowed in to the hall

Osasu, I have no control over what happens in Benin

But that's why I wanted the NUJ pass na

Write a message…

What you have is a sample

They wanted me to confirm that the names were spelt right

So confirm before they go for the final print
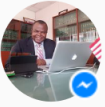

Yes, the name is ok.

The other photo is IGIEBOR AMENZE

You told me about one.

I later told you I was sending 2

Barrister he said the pass do not correlate with the one that NUJ issued ooo

Osa, this what I was advised to have

Did you tell them it's for the obas coronation

Write a message...

?

For press pass

He said it doesn't correlate at all

I really don't know what else

Has he tried to enter?

He said it's supposed to have NUJ and CORONATION HALL on it

And then for those at the museum, it ll show MUSEUM

This is the general pass for Nigeria

Barrister this is for the Coronation na

And no NUJ on it

?

It doesn't show it was issued by NUJ

Write a message…
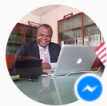

I didn't know these details. But he has something any journalist would have to go into that event

Nah...

He said the ones who got has NUJ on it

Then if you are covering the Coronation hall, it ll say

NUJ
CORONATION HALL

Well! I didn't know they had something more specific. I thought he needed a pass to all events on Nigeria

I'm sorry. I wish I had seen a sample ahead of time

Barrister I told you we looking for pass for the Coronation

Ok.

Write a message...

But even this one don't have issued by NUJ na

There is nothing else I can do at this point

How ll he prove it's NUJ that issued to him

This looks like regular everyday pass

It doesn't look like from NUJ

Osasu, honestly I'm confused. I asked my contacts for help and they directed me. I'm in Abuja actually

They directed to NUJ

This is not NUJ pass

The ones NUJ issued has its issued by NUJ and for those for the Coronation hall, they put CORONATION HALL

Write a message...

You have to question the person who directed you to NUJ, cos this is not even NUJ press pass to begin with.

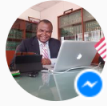

That's an example of NUJ press pass

The coat of arm has Nigeria Union of Journalist inscribe on it

Then where the PRESIDENTIAL VILLA is, for the Coronation, they have CORONATION HALL

For those covering in Usama, they have

Write a message...

You will hear from me. And I've told you we are not dealing with CAC

It is SSNR registration

Oh ok

Sorry about that
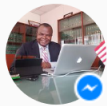

No problem

OCT 20 AT 5:08 PM

Barrister good evening

Please how far with the SSNR registration?

I got a feed back, which is inclusive. They said that our request is still pending. That we should call again next week. If you like, I will like to provide you the number of the office in charge so that you can even call them at your pleasure.

Write a message...

Please Sir what's is the full meaning for SSNR ?

Cos I'm not understand the procedure for this SSNR

What is the full meaning?

OCT 20 AT 8:33 PM
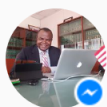

Good evening Barrister! I was asking for the full name of SSNR

Cos I'm still confused

I taught to check availability of business name and then register is quick, or is the process different for magazine? I don't understand why it's taking more than 2 weeks to check availability of name and to register it. I taught that's the first step? But you keep telling me SSNR, which I'm not getting.

Please I don't mean to bother you, but

Write a message...

I'm not getting why to check for name availability and to register it is taking longer than I thought

I will give you the phone number to those people. It will be nice to give them a call. Ask them about EDO PEOPLE MAGAZINE. Ask them why it is taking so long for them to complete their work. I would really like to know too

Please tell me the full name for SSNR first

Before you give me their number

You should have their number so that you can keep track of progress on the application

Also why are we doing SSNR first?

I will provide you the number in the morning.

I want to know the full name first

Write a message...
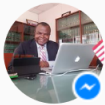

I don't know the full name for SSNR

What does it stands for?

It will also help me if you can talk to them directly. I am sure there are decisions they may take that I don't like. But out of professional courtesy, I would not try to pressure them every minute of the day. But since you can do that, it will be very helpful.

And why are we doing it before checking of name with CAC
Just stay on them minute by minute. Maybe that will cause them to move faster

Please tell me the full name for SSNR

Please Barrister I'm begging you

Ask them that too

Write a message...

I will give you the number

Why?

You are the one who said that's the right way to go

Do you mean to tell me you don't know the full name of SSNR?

You see, we are lawyers. We register as directed by law. We don't often question who we have to register for this or that or why they chose this name or that name or this abbreviation or the other abbreviation
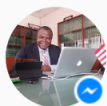

I want to hear it from you

Kindly tell me please

We just register. But with you on the phone with them, they will answer this sort of question, which is not a legal question. It is a nomenclature issue
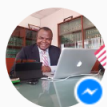

You should know as a Lawyer
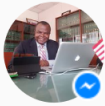

No, I shouldn't know

Whoa!

All I know is that the registration is required in order for you to appropriate a name for publication

or for a magazine

Whoa!

It is past 1am. As a lawyer, I don't discuss cases with clients past 1am. So, good night please
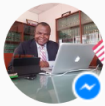

Later we continue

And you don't know the meaning of the abbreviation for which you are doing registration?

Whoa!

Write a message...

When I am awake past midnight, it is not for my clients to discuss their legal issues with me
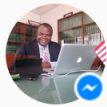

Please

Lol

I see...

I taught you know what you were doing

It was phone typo that turned it to "NSSR"

What was intended is ISSN

It is ISSN that was mistaken and confused and repeated

What's ISSN?

International Standard Serial Number (ISSN)

It is a way all publications are uniquely

Write a message...

It is a way all publications are uniquely identified for bibliographical purposes

Good night

Why is that required before name availability check?

It is not that it is required before availability check. Each ISSN is tied to a name of a publication

That is how to ensure that different publications don't bear the same name and confuse readers
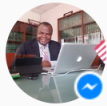

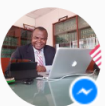

So, each name is tired to a number. When you want to start a magazine, the one way to know if another magazine in the world is using that name is to require you to register your magazine name for the purpose of assigning it a unique number

Barrister can we do the availability check first and reserve the name

Write a message...

But again, this is really not my work

?
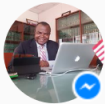

My work is to register it for you. Why registration is required is beyond my work, really

That is what I contacted you for

Check our previous chat

I asked "do you do CAC registration"?

I mean I told you I want to register the name of my business

OCT 3 AT 1:38 PM

Good afternoon Sir

How's your day going?

Please I want to register the name for my magazine in Abuja, please do you have any information on how I can do that?

OCT 3 AT 2:05 PM

Yes, of course. Do you wish to hire me as your lawyer?

Write a message...

That you are doing ISSN before name availability check and registration is beyond my comprehension

I don't understand it that way

Please since you said its not required before availability check, kindly start with name availability check and registration tomorrow. I'm no longer enjoying the ISSN registration process

That was what started last week. That is the first step in the registration process and we already started

You will never get the best of your lawyer, if you continue to direct him

We are very close to me withdrawing from your case because you are directing the case

You are like a passenger in a cab, who likes to control the steering wheel

Write a message…
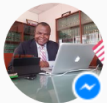

You should tell the cab driver where you want to go and leave him to get your there

I'm not directing the procedure

Name registration is what I contacted you for in the first place

Then once you confirm how much time it takes to complete registration, you will leave me alone till then

I will give you their number. You will be surprised to hear them tell you two months

Then you can understand the miracle I have done to hope to do it in two weeks
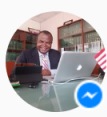

But in any event, I am done discussing this tonight. We shall continue later

I understand you know better, but I name check and reservation is done with CAC

Write a message…

And it doesn't take this long

OCT 20 AT 9:43 PM

I ll call CAC tomorrow, may God help us.

OCT 21 AT 6:32 AM

I'm on phone with CAC customers representative and he said it takes up to 24 - 48 hours for name availability check and reservation.

Barrister Emeka please I need you to do the appropriate, otherwise I ll take necessary actions. God help us!

Emeka missed a call from you.

Please kindly do the name reservation, before you continue with the rest of the procedure. You said you started that last week, where did you start that with? CAC does name check and reservation and it doesn't take 7 days, so where did you start that with?

OCT 23 AT 5:47 PM

Good evening Barrister

Please will you commence with the name reservation tomorrow?

I will respond to your messages by morning
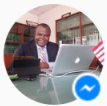

Please

Or do we have to wait till the ISSN is out?

For EDO PEOPLE MAGAZINE

Write a message...

I understand, but I need to know. Because I don't understand the process you are using, ISSN is usually obtained under a publication name, which is already registered with the CAC ; but in this case you are obtaining ISSN before registration, so I'm confused! Under what publication are you obtain ISSN for EDO PEOPLE MAGAZINE?

OCT 24 AT 6:24 AM

Madam,

I have carefully reviewed my communications with you over this matter. We were talking about registration of your Magazine, EDO PEOPLE MAGAZINE. I explained to you what the procedure was to get the name registered at ISSN. Nothing has changed in the procedure I outlined for you. Somehow, you got it mixed up that I was to incorporate an entity under that name. But that is not what we have been talking about and that is not the

Write a message…

procedure we have taken.

We pursued your ISSN registration which is vital for a publication - all publications. You became quiet aggressive and you issued a subtle threat in the following language: "Barrister Emeka please I need you to do the appropriate, otherwise I ll take necessary actions"

When you were sending this message or trying to reach me, I was in a cab heading to the airport in Abuja. First, in as much as I would like to help you, I do not yield to threats. You get the complete opposite result when you threaten me. I have done what I was asked to do. I run a law firm. Two lawyers were sent to reserve your name for ISSN and those lawyers are there to attest to their diligence. We have followed up since then. So, the notion that there was anything you could do to compel me is very very wrong.

I will take it that you now would want us
